

FEEDING[®] THE GULF COAST

OUR MISSION

Working through member organizations and special programs, we provide nutritious food to meet the challenge of feeding people who are hungry as a result of personal crisis or disaster. We work to educate the public regarding domestic hunger, proper nutrition and related issues.

1 in 5 people along the Gulf Coast is food insecure, meaning they do not know where their next meal will come from at some point in the year. Feeding the Gulf Coast serves 24 counties throughout south Alabama, south Mississippi, and the Florida Panhandle. Last year we distributed over 24 million pounds of food to those in need along the Central Gulf Coast—and we couldn't have done that without your help.

Food and fund drives are a critical part of keeping our inventory available throughout the year. The money raised through fund drives helps support the many programs we provide, including Child Nutrition Programs, Mobile Food Distribution, and Disaster Relief.

Thank you for hosting a food and fund drive. With your support, we can be the difference between hunger and hope in our community.

WHERE TO START

Coordinating a traditional, fund or virtual food drive is an exciting opportunity for local businesses, companies, schools, churches, and clubs to get involved and impact their community in a positive way. Read more to learn about our different food drive options and determine which the best fit is for you.

TRADITIONAL FOOD DRIVE

Food Drives allow members of a group to collect non-perishable food items to donate to the food bank. It can be a one day event or take place for a predetermined amount of time, typically a week or month.

FUND DRIVE

Fund Drives help raise money for the food bank to put towards our nutrition programs or general food distribution. They are often held in conjunction with traditional food drives giving participants the choice to bring a food or cash donation. Every \$1 donated can help provide 5 meals.

LET'S BEGIN

1. Pick a Date

The length and date of your drive is up to you. Typically drives last between one day and three weeks. It comes down to what works best for your group. Give your participants enough notice so that they can be prepared.

2. Set a Goal

Having a goal in mind will help you organize and help give your group something to work towards. Some things to consider when setting a goal are:

- How much potential contributors do you have?
- How much can you reasonable expect to collect from each donor?
- Will you collect food, cash, or both?

3. Register Your Food Drive

Please contact us before starting your event. Our Food Drive team can help you get set up with food barrels/boxes and can schedule a pick-up for the end of your drive.

4. Get Creative

Food drives can be a lot of fun. Get creative with team competitions and incentives.

Below are a few ideas:

- Have teams compete against one another. Offer rewards to the winning team.
- Have a Jeans Day: For \$1 or \$5, employees could wear jeans for the day.
- Incorporate Theme Days: Taco Tuesday, Wheat Wednesday, Canned Fruit Friday, etc.
- CANstruction: Have teams build a structure using their canned food donations.

5. Promote Your Food Drive

Share information throughout your organization to raise involvement. Share on social media and tag us @FeedingtheGulfCoast. Make posters noting the specifics of your food drive. We can also help you promote your food drive by featuring it on our social media sites.

THINGS TO CONSIDER

The food bank needs and encourages food drives of **ALL SIZES**. We will provide boxes at no cost if a representative from your organization can pick them up from our warehouse.

BOXES AND BARRELS

When to Use Your Own Boxes:

Small to medium size boxes (copy paper boxes or smaller) work well for food drives and hold **approximately 30 lbs**. They are not too heavy when full and you can decorate with wrapping paper or posters. We encourage you to use boxes for any drive generating fewer than 300 pounds of food.

When to Use Feeding the Gulf Coast Boxes:

We can provide small boxes that hold **approximately 50 lbs**.

When to Use Feeding the Gulf Coast Barrels:

We can provide large barrels. These barrels hold **approximately 150 lbs**. You are welcome to decorate around the barrel, but please be careful not to damage it. Please remove all decorations before returning the barrel. Barrels hold more food if you remove the food from grocery bags before placing food in the barrel.

Feeding the Gulf Coast can pick them up at the end of the event as necessary. Please call in advance if you plan to pick up a barrel.

SCHEDULING A PICK-UP OR DELIVERY

Our trucks stay busy picking up food from grocery stores and donors during the week, so we need your help to get donated food to our warehouses. For Feeding the Gulf Coast to deliver and pick up food collection barrels for your food drive, the goal of the food drive needs to be at least 600 lbs. This amount of food will cover the costs associated with running our trucks. Please help us be a good steward of our resources.

If you will need food picked up, please schedule with our Food Drive team at least one week in advance. Please note that during the holiday season, our pick-up schedule fills quickly.
