

# GRANT-FUNDED DISTRIBUTION ACKNOWLEDGEMENT REQUIREMENTS

When agency partners host a food distribution made possible through funding from Feeding the Gulf Coast, they are required to publicly acknowledge the support on social media. At minimum, agencies must issue **2 social media posts for each grant-funded distribution**. These can be posted on Facebook, Instagram, or LinkedIn, and can be scheduled before, during, or within 5 days after the distribution. With each post, (a) tag Feeding the Gulf Coast and (b) include 3 hashtags: #EndHunger #FeedingtheGulfCoast and #StrongerTogether. Posts should highlight the impact of the distribution and may include stories, testimonials, and photos. This visibility helps demonstrate the value of the funding to the community and supports ongoing communication and donor recognition efforts.
